Dear Sir/Madam

REF: APPLICATION FOR THE JOB OF SOFTWARE DEVELOPER

Reference is made to the caption above

My name is Solomon P Mwalupani. I am a graduate in the Bachelor of Science in Information Technology and Systems(Bsc.ITS) at Mzumbe university. I am writing to convey my interest to work as Software Developer at JUMLA AFRICA, the opportunity obtainable in this section is exciting I firmly believe that my education, experience willingness and interest to seek employment at your reputable organization will help to prove my candidacy to you and produce a good product

I have experience and understanding and am capable in software development with programming for web and like using technologies of PHP(Laravel), JAVA(Springboot) Angular.js, Mysql, Git and control versions using GitHub, HTML, CSS Bootstrap, and Wordpress This experience was obtained while at Mzumbe University and the Pessors company limited. Also, I am interested in collaboration with others and am a fast learner of changes to adapt technologies so that they produce efficient output. For more check on my website portfolio

<https://solo.co.tz>

I certainly understand responsibilities, and work ethics, possess social skills that can build and maintain relations across and beyond the company and strive to do my best in any situation to meet the objectives of the company so that I meet goals.

I assure you that I will work to the best of my skills, and I look forward to hearing from you about this opportunity. I believe that my background and training will allow me to contribute success to your organization when joining, For further details please contact me by Phone number +255757062585 /+255789026656 and Email address mwalupani1234@gmail.com

Thanks you for considering my Application

Yours Sincerely

S.Mwalupani
